Review Goals from Last year:

Goal #1

Goal

Language Arts: We will increase all students' proficiency in Language Arts. We will accomplish this by having: 100% of our students in Kinder-5th at core on the Acadience Composite score by May 2021; or make typical (3-star) progress on the pathways to progress report on Acadience. Skills students will master: BPAST for Kindergarten = 100% of students will have 90% of their skills mastered. 1st Grade - 5th grade will have 100% mastery on the BEPA (phonics test). 1st Grade to skill 5 2nd to skill 10 3rd-5th to skill 15c. This Goal will be accomplished by May 15th 2021.

## Academic Areas

### Reading

#### Measurements

We will use the BEPA, BEPAST, and Acadience composite scores to determine proficiency (intensive, strategic, or core). The pathways to progress will be used to measure typical growth (3 stars or more on the report).

#### Action Plan Steps

Each grade-level team will organize the work of the interventionist who will use specific research-based programs to provide skill-based interventions 4 times per week. With the collaboration of the principal and the instructional coach, data will be reviewed frequently - at least every two weeks - to determine if students are responding to interventions. Short-term goals will drive the work of the teams as well as the trajectory reports to determine if the students are making the needed growth as time goes by.

## Expenditures

Category	Description	Estimated Cost
----------	-------------	----------------
